5" create-a-sticker™
User Guide

For scrapbooking, crafts, special projects, and loads of fun... create-a-sticker™!!!

Never before has there been a machine that, without heat, batteries or electricity, applies an even layer of adhesive to the back of all kinds of materials up to 5" wide, including paper, photos, fabric, leather and more. It's safe and easy enough for kids to use and also a fun tool, which will help enhance your creative output. Say "good-bye" to messy glue sticks, liquid glues, spray glues, etc... and let your creativity soar with Xyron's create-a-sticker products.

Xyron adhesives are Acid-Free, Non-Toxic and safe for scrapbooking and other archival projects.

Available Cartridges:

Permanent Adhesive
Strongest hold
For difficult surfaces

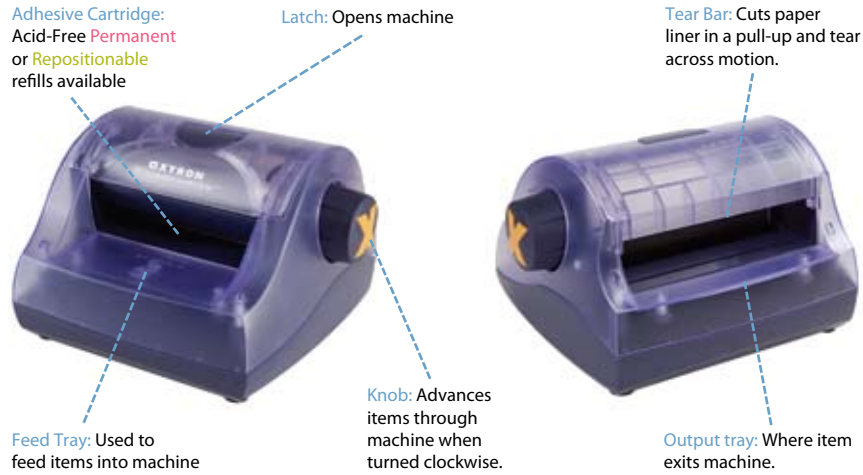

Perfect for:
Photos, paper crafts, scrapbooking, card making, school and home projects, home décor, vellum, rubber stamping, and fabric, ribbon, metal and other 3-dimensional items

Repositionable Adhesive
Reposition multiple times
Best on smooth surfaces
Stick it. Unstick it. Restick it.
Safe for windows, painted walls, doors.
Does not leave residue on most surfaces.
Test in an inconspicuous area first.

Perfect for:
Kid's stickers, paper crafts, scrapbooking, card making, school and home projects, stenciling, vellum, games, and photos

Features & Functions

How to Change the Cartridges

Unloading

Loading

Basic Operation as easy as 1-2-3!

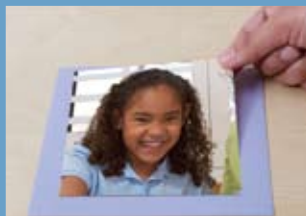

Step One

Place item on feed tray.

Step Two

Guide item forward while slowly turning handle clockwise until it comes out the back of the machine. Tear paper backing by pulling up against built in cutter.

Step Three

Burnish or rub well around your item, peel from paper backing and adhere to project.

Helpful Hints

- For best results, turn the handle slowly.
- Burnish or rub around your item well before removing from liner.
- Arrange small items (without overlapping them) on the feed tray to maximize your cartridge material use.
- Use items that are about the thickness of a nickel (1/16") or less.
- If there is excess adhesive around edges of an item, simply wipe off with your fingers. The adhesive comes right off without sticking to your hands.
- Fabric Tips:
 - Works well with most fabrics that do not have sizing
 - For items that will be washed, stitch after adhering
 - For best results, use Acid-Free Permanent Adhesive
- If your rollers pick up adhesive after use, clean with isopropanol alcohol.
- Store your machine and cartridge between 40° and 70° F.
